PO Box 652 Healy, AK 99743

Frontend Developer with a strong foundation in HTML, CSS, and JavaScript and a passion for building responsive, accessible, and intuitive web experiences. Dedicated to writing clean, maintainable code and solving problems through thoughtful, user-centered design. Excited to contribute technical ability, curiosity, and strong collaboration skills to a development team while continuing to learn, grow, and deliver meaningful solutions.

FEATURED PROJECTS

Personal Developer Portfolio

2026

HTML • CSS • JavaScript • Responsive Design • GitHub Pages

- Designed and developed a fully responsive portfolio to showcase projects and technical skills.
- Built using semantic HTML, modern CSS, and JavaScript with a focus on accessibility and user experience.
